Blanche Vosburg, Collector
Mechanicville

Dear Madam:

In checking our tax file, we find that no school tax bill for 1950 has as yet been received.

This property was previously on the Assessment Roll of District No. 2, Town of Halfmoon and assessed for \$1,000.

We will appreciate promptly receiving bill so that no penalty may arise for non-payment of tax within the prescribed time.

Yours truly,

WHITEHEAD BROTHERS COMPANY

Mr. R. O. Winans
District Superintendent of Schools
Round Lake, New York

Dear Mr. Winans:

The delay in answering your letter of October 26, has been occasioned by our awaiting the return of our real estate manager to discuss the matter with him.

We find now that we did not own the property on which we had to pay taxes for a number of years but did own by contract the molding sand located thereon, and it was for the ownership of the molding sand that we were being taxed and not as land.

This sand contract expired in 1949 and the tax roll is correct in eliminating further taxes to be paid by our company.

Thank you very much for your interest in investigating the matter and sorry to have caused you this inconvenience.

Very truly yours,

WHITEHEAD BROTHERS COMPANY

Whitehead Brothers Company,
524 West 23rd St.,
New York 11, N.Y.

Dear Sirs;

I have yours of the 17th to Blanche Vosburg, Collector,
Mechanicville, N.Y.

The School District No. 2 Halfmoon, for which Blanche Vosburg was collector, is now a part of the Shenendehowa Central School, District No. 2, Towns of Clifton Park et al. The statement sent by this latter district did not include any levy on account of property in former No. 2 Halfmoon. The reason is as follows.

When checking the Central School District tax roll against the former district tax rolls, it was noted that in 1949 your company was listed as having property in No. 2 Halfmoon valued at \$1,000.00. As no property was listed under your name on the 1950 roll, I made inquiry and was advised by Mr. LeRoy S. Hayner, Chairman, Board of Assessors, Town of Halfmoon, as follows.

In 1949 the following three pieces of property appeared on the assessment roll for #2 Halfmoon.

Frank Pohl and Wife	\$2,500.00
Frank Pohl	50.00
Whitehead Bros.	1,000.00

On the 1950 assessment roll, all three of the above mentioned properties are included in the following entry.

Frank Pohl and Wife	\$2,600.00
	listed

Do you still own the property ~~assessed~~ on the 1949 tax roll as being in School Dist. #2 Halfmoon and described as follows:

Whitehead Bros. Co.
537 W. 27th St., N.Y.C.

Boundaries E. Pohl E. Pohl

ANNOUNCEMENT OF EXTENSION COURSES
First Semester, 1950-51

GENERAL INFORMATION

The primary purpose of the extension program is to provide a sequence of professional and cultural courses for in-service teachers, supervisors, principals, and superintendents.

If registration warrants, each class will have sixteen meetings of 100 minutes each on the day and hour indicated.

Address inquiries to Ralph A. Beaver, Extension Director.

Credit

Unless otherwise indicated, each course carries two hours of resident credit. Courses numbered 200 to 299 are open to senior and graduate students; courses numbered above 299 are open only to graduate students.

Normal school graduates who are candidates for the Bachelor of Science (Education) degree may take for degree credit any approved course numbered under 300 and in a content field, provided they have satisfied the necessary prerequisites and the course does not duplicate work already taken for credit. Courses in education are closed for credit toward the B. S. (Ed.) degree except with special permission of the Dean of the College.

The attention of graduate students is called to the outline of requirements for the master's degree to be found in the current college catalogs. A candidate for the master's degree will select courses in education alone, or courses in education and in a single content field in which he has attained major or minor preparation. Candidates who have earned a major in physical education, industrial arts, music, or in similar special fields are limited to courses in education. It is the responsibility of each candidate for a master's degree to make certain that courses elected will yield approved credit toward the desired degree. Seminar requirements must be met through regular session or summer session study.

A student may take a maximum of four hours of extension work in one semester.

Registration

Any student interested in a particular course should appear for registration at the first meeting of that course. All courses are closed to registration after the second meeting. The extension director will be at the college on the morning of September 16 to advise on student programs.

Fees

The fee is \$7.50 per credit hour, payable in full before the third meeting of the class. Checks and money orders should be made payable to New York State College for Teachers. A veteran is enrolled without payment of fees on surrender of his certificate of eligibility and entitlement, provided the certificate is dated prior to September 21, 1950. Veterans who are transferring from another institution should write at once to the Veterans Administration office which holds their certificate, requesting a supplementary certificate.

HALFMOON SCHOOL DISTRICT # 2

Teaching School -- #2
by Adella Harris - Teacher

Upon graduating from Oneonta Normal School in 1932 I began teaching in Newtown or District #2, Halfmoon.

I had pupils in every Grade from 1 through 8. There were 31 to 40 pupils in this small room. The pupils were seated as if the desks and chairs were double with only a narrow aisle between. A large jacketed stove stood in the rear and one of the older children acted as janitor. The stove burned both wood and coal. Many times I needed to help get the fire going and pile on more wood.

In the fall while the weather was still warm flies became annoying. On a hot day all the windows would be left open. Screen was purchased and fitted to all the windows. It was wonderful to have no more flies.

During the years 1930-1936 Eighth Grade Graduation exercises for the Towns of Halfmoon and Clifton Park were held in the Baptist Church in Halfmoon. Essays were read by pupils from each Town.

It was customary for each school to present a Christmas Program. At Newtown it was held in the Methodist Church which was near the school. The children gave recitations, plays and sang Christmas Carols.

In 1946 it was voted at the Annual Meeting to send the 7th and 8th Grades to Mechanicville. The district paid the tuition and the transportation.

I taught here for more than 12 years. Then I went to Waterford to teach a 6th Grade Class.

I recall the pleasant years of teaching in Newtown, where the children were cooperative and eager to learn. I found the children loved recesses and noon hour because they played out of doors. Children of all ages played happily together. Sometimes I joined in their games.

Nearby was Mr. Govereske's orchard which provided the children with an abundant supply of apples. They would often bring 4 or 5 apples to their desk and line them up in a row. In winter the children slid down hill, right beside the school. Instead of a sled, they often used a board or box which worked very well when there was any ice. The children also had the privilege of playing under the church sheds. It was fortunate for the children to have a place to play when the weather was too bad to play outdoors.

In 1950 our school became a part of the Shenendehowa Central School District and "The Little Red School House" was closed forever.
